Some people who received this message don't often get email from aaronmorse225@gmail.com. Learn why this is important

WARNING: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

This should be shared with all members of the city board as a point of why they must address this issue.

Today as well im driving on forrest by subway and the panhandler is middle of road going up to each window.

Someone is going to get seriously hurt if this goes unaddressed.

Just a heads up, keep your car doors locked while at intersections. A homeless man at the corner tried opening my 17 year old daughter's car door on Forrest ave while she was stopped at a red light.

Violence is spreading, and we must address these problems before the situation deteriorates further. By failing to enforce basic standards of behavior, we are effectively allowing disorder to continue.

my house on Lincoln Street. The incident resulted in over $1,000 in repairs. This is not an abstract issue — it happened steps from my front door.
This ordinance is necessary. Our area will never grow and thrive if visitors' and potential residents' first impression of Dover is aggressive panhandling by the homeless. If I were house-hunting today, these conditions would make me seriously reconsider moving here — and I'm sure many others feel the same. That is a shame for our community.

Thank you for your time and for bringing this important issue back for a vote.

Good morning,

I understand Councilman Anderson will be proposing an ordinance to ban panhandlers from approaching vehicles. I wanted to say as a homeowner in Dover for last few years this issue has gotten worse and I think is an important topic to tackle. Its very unsafe for the drivers having potentially dangerous people approaching their car as well as the person in the middle of the highway. Many times I wonder if they are going to fall over and get hit by a car as they visibly look either extremely high or sick.

If there is any opportunity of involvement to help support this please let me know

Thank you
